No: 25 -26/CV-CTTK

Ho Chi Minh City, January 24, 2026.

Re: Explanation of profit fluctuations between the two reporting periods.

To:

- State Securities Commission.
- Ho Chi Minh City Stock Exchange (HOSE)

Century Synthetic Fiber Corporation hereby provides an explanation for the fluctuation in after-tax profit for Quarter IV of 2025 compared to Quarter IV of 2024, as presented in the VAS financial statements prepared by the Company on January 24, 2026, as follows:

+ Parent Company:

Unit: VND

No	Item	Quarter IV/2025	Quarter IV/2024	Increase (+)/ Decrease (-)	
1	Net revenue	324,775,029,721	373,089,848,099	(48,314,818,378)	-12.9%
2	Gross profit	65,460,026,454	56,096,855,287	9,363,171,167	16.7%
3	Profit before tax	41,795,103,698	28,377,622,354	13,417,481,344	47.3%
4	Net profit after tax	32,730,483,166	23,828,588,570	8,901,894,596	37.4%

+ Consolidated:

Unit: VND

No	Item	Quarter IV/2025	Quarter IV/2024	Increase (+)/ Decrease (-)	
1	Net revenue	324,293,190,359	334,079,174,056	(9,785,983,697)	-2.9%
2	Gross profit	55,368,657,647	64,359,234,089	(8,990,576,442)	-14.0%
3	Profit before tax	19,231,842,197	(17,049,475,077)	36,281,317,274	212.8%
4	Net profit after tax	10,167,221,665	(21,261,964,697)	31,429,186,362	147.8%

Reasons:

Due to weak demand, revenue of the Parent Company and consolidated revenue decreased by 12.9% and 2.9%, respectively. Meanwhile, although the gross profit of the Parent Company increased by 16.7% thanks to a higher proportion of recycled yarn, consolidated gross profit decreased by 14% as the Unitex factory began recognizing depreciation expenses from the fourth quarter of 2025 and due to the impact of the elimination of consolidated intercompany transactions.

Profit before tax of the Parent Company increased by VND 13.4 billion, representing a year-on-year increase of 47.3%, mainly attributable to higher gross profit, higher financial income, and lower financial expenses. However, due to higher corporate income tax expenses compared to the same period last year,

profit after tax of the Parent Company increased by only VND 8.9 billion, equivalent to a year-on-year increase of 37.4%.

Meanwhile, consolidated profit before tax increased by VND 36.2 billion, equivalent to a year-on-year increase of 212.8%, and consolidated profit after tax increased by VND 31.4 billion, corresponding to a year-on-year increase of 147.8%, primarily because Unitex no longer had to recognize foreign exchange losses starting from the fourth quarter of 2024.

We sincerely thank you and extend our best regards.

Century Synthetic Fiber Corporation
GENERAL INFORMATION

AUDITOR

Ernst & Young Vietnam Limited Liability Company has been appointed as the auditor for the fiscal year 2025. At the time of preparation of the consolidated financial statements for the fourth quarter of 2025, this report has not yet been audited.

RESPONSIBILITY OF THE BOARD OF MANAGEMENT FOR THE CONSOLIDATED FINANCIAL STATEMENTS FOR QUARTER IV/2025

The Board of Management is responsible for ensuring that the Quarter IV/2025 financial statements present a true and fair view of the financial position, operating results, and cash flows of the Company for the accounting period. During the preparation of these financial statements, the Board of Management must:

- Select appropriate accounting policies and apply them consistently.
- Make reasonable and prudent estimates and judgments.
- Clarify whether applicable accounting standards have been followed and explain material deviations, if any.
- Prepare the financial statements on a going-concern basis, unless it is inappropriate to assume the Company will continue operations.

The Board of Management is also responsible for maintaining proper accounting records to accurately reflect the Company's financial position and ensuring compliance with prevailing laws. Additionally, they are tasked with safeguarding the Company's assets and implementing appropriate measures to prevent and detect fraud and other irregularities.

The Board of Management confirms compliance with the above requirements in preparing the accompanying interim consolidated financial statements.

DECLARATION BY THE BOARD OF DIRECTORS

In the opinion of the Board of Directors, the attached consolidated financial statements for Quarter IV/2025 accurately reflect the financial status of the Company as of December 31, 2025, the consolidated business results, and cash flows for the period in accordance with Vietnamese Accounting Standards, the Vietnamese corporate accounting system, and relevant legal regulations.

On behalf of the Board of Management: 

Dang Trien Hoa
BOD Chairperson

Century Synthetic Fiber Corporation
CONSOLIDATED INCOME STATEMENT
As at December 31, 2025

B01a-DN

Century Synthetic Fiber Corporation compares fluctuations of net profit after tax between Quarter IV/2025 and Quarter IV/2024 in Consolidated Financial Statement issued by the Company on January 24, 2026 as follows:

No.	Items	Quarter IV/2025	Quarter IV/2024	Increase (+)/Decrease (-)	
1	Net revenue	324,293,190,359	334,079,174,056	(9,785,983,697)	-2.9%
2	Gross profit	55,368,657,647	64,359,234,089	(8,990,576,442)	-14.0%
3	Profit before tax	19,231,842,197	(17,049,475,077)	36,281,317,274	212.8%
4	Profit after tax	10,167,221,665	(21,261,964,697)	31,429,186,362	147.8%

Reason:

Due to weak demand, revenue decreased by VND 9.7 billion, equivalent to a decline of 2.9%. Gross profit decreased by VND 8.9 billion year-on-year, representing a decrease of 14% compared to the same period last year, mainly because Unitex began recognizing depreciation expenses in the fourth quarter of 2025 and due to the impact of the elimination of intercompany transactions upon consolidation.

Profit before tax increased by VND 36.2 billion, equivalent to a year-on-year increase of 212.8%, while profit after tax increased by VND 31.4 billion, corresponding to a year-on-year increase of 147.8%, primarily because Unitex no longer had to recognize foreign exchange losses starting from the fourth quarter of 2025.

Thank you and best regards.

2191415344 – 8 th amendment	June 24, 2025
2191415344 – 9 th amendment	October 10, 2025

The Company has a representative office at **102-104-106 Bau Cat, Ward 14, Tan Binh District, Ho Chi Minh City, Vietnam**, established under Operation Registration Certificate No. 0302018927-002 issued by the Business Registration Office of the Department of Planning and Investment of Ho Chi Minh City on **March 30, 2015**.

The Company's primary business is the production of synthetic yarn and knitting.

The number of employees of the Company as of December 31, 2025, was 968 (as of December 31, 2024, it was 998).

2. BASIS OF PRESENTATION

2.1 Accounting Standards and Policies Applied

The interim consolidated financial statements of the Company are presented in Vietnamese Dong ("VND") and prepared in accordance with the Vietnamese Accounting System for Enterprises and Vietnamese Accounting Standard No. 27 – Interim Financial Reporting, as well as other Vietnamese Accounting Standards ("VAS") issued by the Ministry of Finance under the following decisions:

- Decision No. 149/2001/QĐ-BTC dated March 31, 2001, on the issuance of the first batch of four Vietnamese Accounting Standards;
- Decision No. 165/2002/QĐ-BTC dated March 31, 2002, on the issuance of the second batch of six Vietnamese Accounting Standards;
- Decision No. 234/2003/QĐ-BTC dated December 30, 2003, on the issuance of the third batch of six Vietnamese Accounting Standards;
- Decision No. 12/2005/QĐ-BTC dated February 15, 2005, on the issuance of the fourth batch of six Vietnamese Accounting Standards; and
- Decision No. 100/2005/QĐ-BTC dated December 28, 2005, on the issuance of the fifth batch of four Vietnamese Accounting Standards.

Accordingly, the interim consolidated balance sheet, consolidated income statement, consolidated cash flow statement, and explanatory notes to the interim consolidated financial statements, as presented, are not intended for users unfamiliar with the accounting procedures and principles, as well as accounting practices in Vietnam. Furthermore, they are not intended to present the financial position, results of operations, or cash flows in accordance with generally accepted accounting principles and practices in countries or territories outside Vietnam.

2.2 Applied Accounting Record System

The accounting record system registered and applied by the Company is the General Journal method.

2.3 Fiscal Year

The fiscal year of the Company for financial reporting purposes begins on January 1 and ends on December 31.

2.4 Accounting Currency

The financial statements are prepared in the accounting currency of the Company, which is VND.

3. KEY ACCOUNTING POLICIES

3.1 Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, bank deposits, and short-term investments with an original maturity of no more than three months, which are highly liquid, easily convertible to a known amount of cash, and subject to minimal risk of changes in value. The exchange rate as of December 31, 2024, for foreign currency and foreign currency-denominated items is VND 25,251/USD. The exchange rate as of December 31, 2025, is VND 26,077/USD.

3.2 Inventories

Inventories are recorded at the lower of cost or net realizable value.

Net realizable value is the estimated selling price of inventory in the ordinary course of business, less estimated costs of completion and estimated selling expenses.

The Company uses the perpetual inventory system to account for inventory costs, which are determined as follows:

Raw materials and goods for sale	- Cost of purchase, calculated using the weighted average method
Finished goods and work-in-progress	- Cost of direct materials, direct labor, and allocated overhead, based on normal operating capacity, calculated using the weighted average method.

Inventory Provision

Provisions are made for anticipated losses in value (e.g., due to obsolescence, damage, or quality degradation) for raw materials, finished goods, or other inventory items under the Company's ownership, based on reasonable evidence of value reduction as of the reporting date.

Any increase or decrease in inventory provisions is recorded in the cost of goods sold on the consolidated interim income statement.

3.3 Accounts Receivable

Accounts receivable are reported in the consolidated interim financial statements at their carrying amounts, net of provisions for doubtful debts.

Provision for Doubtful Debts: Reflects the estimated portion of receivables unlikely to be collected as of the reporting date. Changes in provisions are recorded as administrative expenses on the consolidated interim income statement.

3.4 Tangible and Intangible Fixed Assets

Tangible and intangible fixed assets are recorded at historical cost less accumulated depreciation/amortization.

Historical Cost: Includes purchase price and directly attributable costs for bringing the asset into working condition for its intended use. Capital expenditures for asset upgrades or replacements increase the asset's carrying value, while maintenance and repair costs are expensed as incurred.

When an asset is sold or disposed of, its cost and accumulated depreciation/amortization are derecognized, and any resulting gain or loss is recorded in the consolidated interim income statement.

3.5 Depreciation and Amortization

Depreciation of tangible fixed assets, finance-leased assets, and amortization of intangible fixed assets is calculated using the straight-line method over the estimated useful lives of the assets as follows:

Buildings and structures	4 - 25 years
Machinery and equipment	2 - 15 years

As at December 31, 2025

Vehicles	3 - 10 years
Office equipment	3 - 5 years
Computer software	3 - 5 years

3.6 Borrowing Costs

Borrowing costs include interest expenses and other costs directly related to the Company's borrowings.

Borrowing costs are recognized as expenses in the period they are incurred, except for costs eligible for capitalization as outlined in the following paragraph.

Borrowing costs directly attributable to the acquisition, construction, or production of a qualifying asset that requires a substantial period of time to be ready for its intended use or sale are capitalized as part of the cost of that asset.

3.7 Prepaid Expenses

Prepaid expenses include short-term prepaid expenses or long-term prepaid expenses presented on the interim balance sheet and allocated over the prepaid period corresponding to the economic benefits derived from such expenses.

Prepaid land rental includes the unallocated balance of land rental payments made under land lease agreements with:

- **Industrial Development and Trading Joint Stock Company – Cu Chi**, dated July 3, 2000, for a lease term of 50 years;
- **Industrial Park Infrastructure Development Company – Tay Ninh**, dated July 21, 2009, for a lease term of 45 years; and
- **Industrial Park Infrastructure Development Company – Tay Ninh**, dated October 31, 2017, with a term until October 14, 2053, for the Trang Bang 5 phase.

Pursuant to **Circular No. 45/2013/TT-BTC**, issued by the Ministry of Finance on April 25, 2013, providing guidance on the management, use, and depreciation of fixed assets, the aforementioned prepaid land rental is recognized as a long-term prepaid expense and allocated to expenses over the remaining duration of the lease agreements.

3.8 Construction in Progress

Construction in progress includes direct costs related to the acquisition and construction of assets not yet operational as of the balance sheet date. These costs are recorded at historical cost.

3.9 Investments

Investment in Associates

Investments in associates where the Company has significant influence are presented under the cost method. The cumulative net profit distributions from associates after the date the Company gains significant influence are recognized in the Company's statement of profit and loss. Other distributions are treated as a recovery of the investment and deducted from the carrying amount of the investment.

Provision for Impairment of Investment Contributions

Provision for impairment of investment contributions is established for the decline in the value of investment contributions as of the end of the accounting period, following the guidelines of Circular No. 228/2009/TT-BTC issued by the Ministry of Finance on December 7, 2009, and Circular No. 89/2013/TT-BTC issued by the Ministry of Finance on June 26, 2013. Any increase or decrease in the provision balance is recorded in financial expenses in the statement of profit and loss.

3.10 Accounts Payable and Accrued Expenses

Accounts payable and accrued expenses are recognized for amounts expected to be paid in the future concerning goods and services received, regardless of whether the Company has received the supplier's invoice.

3.11 Provisions for Severance Allowances

Severance allowances for employees are accrued at the end of each reporting period for all employees who have worked at the Company for more than 12 months as of the balance sheet date. The provision is calculated at a rate equivalent to half of the average monthly salary for each year of service, up to March 31, 2008, in compliance with the Labor Code, Social Insurance Law, and related regulations.

The average monthly salary used to calculate severance allowances is adjusted at each reporting date based on the average salary of the last six months as of the reporting date. Any increase in this provision is recognized in the statement of profit or loss.

The accrued severance allowance is used to pay severance benefits to employees upon termination of employment contracts, as stipulated in Article 48 of the Labor Code.

3.12 Foreign Currency Transactions

Transactions denominated in currencies other than the Company's functional currency (VND) are recorded at the actual exchange rate on the transaction date. As of December 31, 2025, monetary items denominated in foreign currencies are revalued at the actual exchange rate as of the balance sheet date, based on the following principles:

- Monetary items classified as assets are revalued using the buying rate of the commercial bank with which the Company regularly transacts.
- Monetary items classified as liabilities are revalued using the buying rate of the commercial bank with which the Company regularly transacts.

All foreign exchange differences arising during the period and from the revaluation of monetary balances denominated in foreign currencies at period-end are recognized in the statement of profit or loss.

3.13 Profit Distribution

Net profit after corporate income tax (excluding exchange rate gains from the revaluation of balances as of the fiscal year-end) may be distributed to the Company's shareholders upon approval by the General Meeting of Shareholders and after allocations to reserve funds as stipulated in the Company's Charter and Vietnamese legal regulations.

The Company allocates the following reserve funds from net profit after corporate income tax based on the proposal of the Board of Directors and approval by the Annual General Meeting of Shareholders:

Development Investment Fund

This fund is established for the purpose of expanding the Company's operations or making intensive investments.

Bonus and Welfare Fund

This fund is established to provide rewards, material incentives, and benefits for employees and is presented as a liability in the consolidated balance sheet.

3.14 Treasury Shares

Equity instruments repurchased by the Company (treasury shares) are recorded at cost and deducted from equity. The Company does not recognize any gains or losses from the purchase, sale, issuance, or cancellation of its own equity instruments.

3.15 Revenue Recognition

Revenue is recognized when it is probable that economic benefits will flow to the Company and can be reliably measured. Revenue is measured at the net realizable value of the amounts received or receivable, excluding discounts. Specific recognition criteria must also be met for revenue recognition as follows:

Sales Revenue

Revenue from the sale of goods is recognized when significant risks and rewards of ownership have been transferred to the buyer, which usually coincides with the transfer of goods.

Interest Income

Revenue is recognized on an accrual basis unless collectability is uncertain.

3.16 Taxes***Current Income Tax***

Current income tax assets and liabilities for the current and prior periods are measured at the amounts expected to be paid to or recovered from the tax authorities, based on tax rates and laws that are enacted or substantively enacted by the balance sheet date.

Current income tax is recognized in the interim consolidated statement of profit or loss, except for cases where the tax relates to items recognized directly in equity, in which case the tax is also recognized directly in equity. The Company offsets current income tax assets and liabilities only when it has a legally enforceable right to offset these amounts and intends to settle on a net basis.

Deferred Income Tax

Deferred income tax is provided for temporary differences as of the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognized for all taxable temporary differences, except where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, does not affect either accounting profit or taxable profit (or loss).

Deferred income tax assets are recognized for all deductible temporary differences, unused tax loss carryforwards, and unused tax credits, to the extent that it is probable that taxable profit will be available to

utilize these deductible temporary differences, unused tax losses, and unused tax credits, except where the deferred tax asset arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, does not affect either accounting profit or taxable profit (or loss).

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilized. Unrecognized deferred income tax assets are reassessed at each balance sheet date and recognized to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates expected to apply in the year when the asset is realized or the liability is settled, based on tax rates and tax laws that are enacted or substantively enacted as of the balance sheet date.

Deferred income tax is recognized in the consolidated statement of profit or loss except where it relates to items recognized directly in equity, in which case the deferred tax is also recognized directly in equity.

The Company offsets deferred income tax assets and liabilities only when it has a legally enforceable right to offset current tax assets against current tax liabilities and the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority for the same taxable entity, or the Company intends to settle current tax liabilities and assets on a net basis or realize the assets and settle the liabilities simultaneously in future periods.

4. CASH AND CASH EQUIVALENTS

	VND	VND
	December 31, 2025	December 31, 2024
Cash on hand	6,960,423	9,693,533

Dintsun Vietnam Company Limited	-	13,800,000,000

Dintsun Vietnam Company Limited (“Dintsun”) is a limited liability company established in Vietnam under Enterprise Registration Certificate No. 2200764052 issued by the Department of Planning and Investment of Soc Trang Province on May 29, 2019. The Company registered its first amendment to the business registration certificate on June 16, 2022. According to its Investment Registration Certificate (“IRC”), Dintsun’s principal business activity is infrastructure investment and development. The Company’s registered head office is located at Xay Da B Hamlet, Ho Dac Kien Commune, Chau Thanh District, Soc Trang Province, Vietnam. On August 29, 2025, the Group divested its entire equity interest in this company (representing 5% of its charter capital), equivalent to a contributed capital amount of VND 13,800,000,000, through the transfer of such equity to another investor. Following the divestment, the Group no longer holds any ownership interest in this company.

Total		4,900,463,906	5,120,586,988

23. EARNINGS PER SHARE

Basic earnings per share are calculated by dividing the after-tax profit or loss attributable to shareholders owning the Company's common shares by the weighted average number of common shares outstanding during the period.

	VND	12M2025	12M2024
Net profit after tax in the period		49,529,145,023	12,402,343,658
Weighted average number of ordinary shares for basic earnings per share		140,123,130	95,694,306
Earnings per share (par value of VND10,000/share)		353	130

The weighted average number of common shares outstanding during the period includes additional shares issued to increase share capital and dividend payments from undistributed after-tax profits during the period and treasury stock deductions.

There have been no transactions in common shares or potential common shares transactions that occurred between the ending date of interim accounting period and the completion date of this interim financial statements.

24. SEGMENT REPORTING

The Company's principal business activity is the production and trading of synthetic fiber products, and its primary revenue is derived from this activity. Furthermore, the Company's head office and branches generating revenue are located within the territory of Vietnam. Therefore, the Company's Management believes that presenting segment information is unnecessary.

25. EVENTS AFTER THE REPORTING PERIOD

There were no significant events occurring after the end of the reporting period that require adjustment or disclosure in the financial statements for the year.
